Dear Gina,

I just wanted to take a minute to thank you and Jim for all of your hard work on the new Da Mimmo website (www.damimmo.com). It is beautiful! Being a “non-computer” person I was very apprehensive about redesigning my site, but you made the process painless. You provided the support for every step along the way. Even with the services that your company does not provide, you were able to connect me with vendors who were able to help. Our new website has photography, video and music all arranged by your company! And the new email marketing program makes my ability to contact my clients simple and professional. The entire package is wonderful.

I highly recommend that anyone looking for a new website contact you to help them design a beautiful, effective, painless and professional site!

Sincerely,

A handwritten signature in cursive script that reads "Mary Ann Cricchio".
